

# CASHIER CARTS AND CHANGE BANKS

## CASHIER CAGE CARTS

Height modified to fit under cashier cage counter

Heavy duty drawer slides

Two fixed and two swivel, 4" polyurethane casters

Flush drawer and surface mounted push/pull handles

Equipped with VSR high security locks

Cashier cage carts have a lower locking storage compartment and an optional swing-away supervisor bar. Top currency drawer has a lift-out bill tray. These heavy duty 14 GA steel carts have protective corner bumpers and come with a durable powder coat finish.

## AVAILABLE WITH

Different door and drawer configurations

## CHANGE BANKS

4, 6, or 8 drawer models available

Removable base for bolting to floor

Swing away bar allows lock out of employees after shift change

Drawers lock independently with VSR high security locks

Change banks are manufactured with a heavy 14 GA steel frame. The top currency drawer has a removable bill tray and each coin drawer has a 200 pound capacity. All change banks come with a durable powder coat finish.
