

MAXIMUM SECURITY LOCKS

VSR DIMPLE 4000

Patent # 6,748,777

Interchangeable Core Lock

Change core without removing housing

Ideal for all gaming applications

On-site installation, available worldwide

The Patented IC Core lock is manufactured with either the Quick Change feature, allowing rapid re-keying, or with a singular code, providing a higher level of security. Construction cores for the lock are available for factory installation. It has a strong, reversible key and a restricted keyway. The lock and key are manufactured and serviced by VSR Industries.

VSR DIMPLE SR

Patent # 5,685,184

Unique, Dimple key design

Ideal for all gaming applications

On-site installation, available worldwide

The VSR Dimple SR lock can be manufactured with either the Quick Change Feature, which allows for rapid re-keying, or it can be manufactured with a singular code, providing a higher level of security. It has a strong, reversible key and a restricted keyway. The lock and key are manufactured and serviced by VSR Industries.
